4. Settings…

6.6.1. Empty state

6.6.2. New comment

    6.6.2.1. 'Write a comment' field

    6.6.2.2. User Profile picture

    6.6.2.3. [Post comment] button - states:

        6.6.2.3.1. Invalid

        6.6.2.3.2. Success

        6.6.2.3.3. Error

6.6.3. Comment item

    6.6.3.1. Comment text

    6.6.3.2. Comment author profile picture: clickable

    6.6.3.3. Comment author profile link

    6.6.3.4. Publication date

    6.6.3.5. If user = comment author → [Delete comment] button

        6.6.3.5.1. Visibility (only for comment author)

        6.6.3.5.2. Confirmation window

        6.6.3.5.3. Success

        6.6.3.5.4. Error

Reusable Blocks:

1. Article Preview

    1.1. 'User profile' link

    1.2. Date of posting

    1.3. Article information (title and description)

    1.4. 'Read more…' link

    1.5. [Like] button

    1.6. Tags

2. Pagination

3. Article meta panel

    3.1. User profile link

    3.2. Date of posting

    3.3. If current user = article author

        3.3.1. [Edit Article] button

        3.3.2. [Delete Article] button

3.4.   If current user ≠ article author

      3.4.1.   [Follow/Unfollow user] button

      3.4.2.   [Favorite/Unfavorite article] button
